Out March 2019

Awek is pleased to present their eleventh CD, "Let's Party Down."

Recorded in November 2019 at Greaseland Studio in California, this album is both polished and fun!

Awek was joined in the studio by some of today's best musicians, including Rusty Zinn, Bob Welsh, Chris Burns, RW Grigsby, Drew Davies and Kid Andersen. Together they recorded 12 original tracks and 2 covers.

Awek is widely considered to be one of the best stage bands in Europe, where they have toured extensively for the past 25 years. If you haven't had the pleasure of seeing them perform live, the bonus CD will give you a taste of the Awek experience. Spanning 22 years, from 1995 - 2017, these live tracks capture the energy and authenticity of these four talented musicians.

We hope you enjoy Awek's "Let's Party Down."
